

WORD THEY GET IS NOT ENCOURAGING

Members of Company B Hear Hattiesburg, Miss., Training Place, Is Infested With Mosquitoes

RAINY SEASON IN WINTER

Guardsmen Hike to Fair Ground Sunday Afternoon and Spend Three Hours in Drilling

Company B. hiked to the Rush county fair grounds Sunday afternoon where three hours were spent in hard drill. It is only three weeks now until the company expects the mobilization call and the boys are determined to get in every bit of drill possible before this time. The regular weekly drill will be held at the city park Wednesday night. At this time, E. P. Hawkins of Connersville, a lieutenant colonel on the staff of Governor Goodrich, will address the company.

Company B. is in need of ten more men and an examining officer will be here Wednesday to make examination. This vacancy is caused by the fact that several members of the local company are at the officers training camp and will have to be discharged from this company.

Since it has apparently been definitely determined that the Indiana National Guard will be sent to Hattiesburg, Mississippi, members of the company have been inquiring as to what sort of a place it is. The word they receive is not very encouraging. One man, who has been there, stated today that there were mosquitoes as large as grey squirrels and that the winter months were the rainy season for this section.

While Hattiesburg is said to be a big improvement over the border the local company would rather have gone to Anniston, Ala., the first camp chosen, but as they have no "say-so" they will have to be content with the Mississippi "burg."

Hattiesburg is in the lower part of the state, about sixty miles north of the Gulf of Mexico. Gulfport is the nearest town on the gulf. The last government census gave the population of the place at 11,000. It is said to be a pretty place with many paved streets. It is in the heart of the pine tree district and turpentine camps and while there won't be any scorpions, tarantulas, rattlesnakes, cactus or sandstorms, there will be cedar bugs and mosquitoes a plenty, all mixed in with a lot of rain.

CAMP ALONG BLUE RIVER IS RAIDED

Robert Shields of Cambridge City—Carthage Complains Arrested and Gives \$200 Bond

8 BARRELS OF BEER IS TAKEN

Robert Shields of Cambridge City was arrested Saturday night on a "blind tiger" charge following a raid on his camp, three miles north of Carthage. Shields gave a cash bond of \$200 this afternoon for his appearance in circuit court and was released.

Sheriff Cavitt has received numerous complaints regarding the camp along Big Blue river and Saturday night was called by Jap Parrish, marshal of Carthage, who stated he had received a complaint. Sheriff Cavitt, Deputy Sheriff Sullivan and Frank Nicholson, a constable from the court of Squire Kratzer, went to Carthage and there picked up Parrish. The party then went to the camp. They found several men playing cards, but there apparently was no gambling. A total of eight barrels of bottle beer were found at the camp and this was brought here and placed in jail today.

BULLETIN WILL BUILD PLANT UNDER COURT HOUSE

County Council Appropriates \$18,000 For Improvement and \$200 For County Defense Council.

BIG ENOUGH FOR ESTIMATES

The county council late this afternoon voted an appropriation of \$18,000 to place the heating plant for the court house and jail under the court house. The council was unable to reach an agreement Saturday and met again today. In addition to this appropriation, which is the largest in several years, the council also appropriated the sum of \$200 to the county council of defense to carry on the work of that organization in this county.

The new heating plant will likely cost around \$15,000, but the appropriation was made large enough to cover all estimates. The council believed that by moving the heating plant the saving in coal alone would pay for the investment within a few years. A. L. Gary, chairman of the county defense board, appeared before the council in behalf of the appropriation for \$200 for carrying on their work.

FOOD DEMONSTRATION IS SET FOR FRIDAY

Miss Nellie Rowe of Purdue Will Illustrate Best Methods of Canning and Drying

WILL USE COMMON UTENSILS

The food conservation demonstration, arranged by the county women's committee, will be held in the assembly room of the court house Friday. The sessions will take place at 9:30 o'clock in the morning and 2:30 o'clock in the afternoon. The demonstrations of the latest methods of preserving, canning and drying will be given by Miss Nellie Rowe of Purdue university.

The committee insisted that Miss Rowe bring none of her equipment along, but that she illustrate the newest processes now in use with common home utensils which are available to every housekeeper. It was the desire of the committee that Miss Rowe not demonstrate with a lot of apparatus which Rush county women do not have and would not want to invest in. Miss Rowe has consented to act on the suggestion of the committee.

Every woman in Rush county is wanted at the demonstration. It is pointed out that they can learn much of value at this time when every bit of energy is being exerted to conserve the food supply against a possible shortage next winter. Women are urged to attend both sessions and bring their dinners along if they desire.

INDIAN WANTS TO FIGHT

74 Year Old Sharpshooter Would Go After Kaiser

(By United Press.)

Washington, July 16.—Quana Washosha, Comanche Indian, has a medal the Kaiser once gave him for expert marksmanship. This won't keep him from trying some of that shooting ability on the Kaiser's "graybacks," however. The redskin's American name is Captain Henry B. Hicks. He visited President Wilson and tendered his services to the government. "I'm 74," he said, "but I can shoot as straight as ever."

MAIL CHANGE MADE WITHOUT CONFUSION

New Schedule on Rural Routes, With Five Less Carriers, Is Put Into Effect Today.

ALL REPORT BACK ON TIME

The change in the rural route system was perfected this morning without any apparent trouble or confusion. The ten carriers from the local office all made the initial trip over their new routes without difficulty and everyone reported back in Rushville on time. All but two of the ten routes out of here are now motorized, and the remaining two will be soon.

Some slight trouble was experienced in the other postoffices of the county, but it is believed everything will be working smoothly within two or three days. The greatest difficulty was experienced on the routes from the other towns of the county. Heretofore much of the mail now carried by some of the routes out of here formerly went to Glenwood and this was slightly confusing.

In all there were five routes discontinued, two out of Rushville, one from Glenwood, one from Carthage and one from Arlington.

FLOWER BEDS TO BE INSPECTED THIS WEEK

Committee From Woman's Council Will Investigate to See Interest Does Not Lag

TWO DISTRICTS IN THE CITY

A committee from the Woman's Council will this week inspect the flower beds of the children who have entered the flower contest. The inspection is merely for the purpose of getting a line on how many of the children are still showing an interest and not for any purpose of grading the flowers.

The contest will terminate Chautauqua week when the flowers will be gathered and the awards made. The exact day of the Chautauqua for the awarding of the prizes has not been determined. For the purpose of making the competition fair the city has been divided into two districts and a first and second cash prize will be awarded in each district.

LARYNX REMOVED IN AN OPERATION

Former State Senator M. E. Newhouse, Native of Rush County, Unable to Speak Above Whisper

TWO BROTHERS LIVING HERE

Former State Senator Marshal E. Newhouse of Greensburg, a brother of County Commissioner P. A. Newhouse and Samuel R. Newhouse, underwent an operation in Indianapolis last Saturday for the removal of his larynx and as a result will never speak above a whisper. Mr. Newhouse was a popular orator and the case is especially pathetic since he has lost his voice. Local relatives were in Indianapolis yesterday to see him. He was able to be removed to his home last night and it is believed he will recover.

Mr. Newhouse is well known in Rush county as this was formerly his home. He had suffered for many months from a growth in the larynx and last week was taken suddenly ill while in Indianapolis. It was then decided to operate. It is thought that the many years the former speaker served as a speaker on public occasions developed the throat trouble.

ARE PREPARING FOR SOCIAL AT RICHLAND

Merchants Arrange For Fourth in Series of Community Festivals Wednesday Night

JOHN A. TITSWORTH TO SPEAK

Preparations are being made at both ends of the line for the fourth of the series of community festivals which will be held at the Richland M. E. church on Wednesday evening. The Rushville merchants strive at each succeeding festival to take a larger crowd and this week they give promise of meeting with success because indications are that the weather will be more seasonable. Every night one of the socials has been held, the weather was so cold that ice cream did not sell well.

John A. Titsworth will make the address at the social Wednesday night. The meeting will be held on the lawn. This was tried for the first time at Arlington last Wednesday and proved more beneficial to all concerned than the former method of holding the meetings in the churches. The Rushville Odd Fellows band has been engaged to play and will give a program of music on the church lawn during the social.

ONLY TWELVE STATES YET TO MAKE REPORT

War Department Officials Hope Great Draft Lottery Can Take Place Next Saturday

4,000 ROLLS ARRIVE SUNDAY

By WEBB MILLER
(U. P. Staff Correspondent.)
Washington, July 16.—With only 12 states yet to report ready war department officials today hoped the great draft lottery might be held Saturday. A burst of over-Sunday filled the department cabinet with nearly 4,000 draft rolls—more than 8,000,000 names of men eligible for democracy's armies.

Unless there is an unlooked for delay the drawing will be held not later than early next week. Within twenty-four hours after the drawing the district exemption boards will be hunting out men qualified on physical grounds and exempted by the mandatory regulations.

PROPOGANDA STILL BEING PUSHED HERE

Statesman Lays Information Before State Department, Showing German Money is Being Used.

BIG PAPER IN PAY OF KAISER

Washington, July 16.—Evidence that millions in German gold are still being poured into effective propaganda work among Americans has been laid before the state department by a statesman of international reputation, it was learned today.

In an interview with the United Press this statesman, whose name for obvious reasons cannot be used, said:

"German bought papers are being published unhindered under the very nose of the American government every day."

"Hundreds of ministers of the gospel are using their holy office to turn loyal Americans into German sympathizers."

"The condition is not local but country wide. One of the biggest papers in the pay of the Kaiser is published in the east."

"A dangerous situation is resulting from the activity of these propagandists," he asserted.

WOMEN TO MAKE 300 PIECES

Half of Red Cross Auxiliaries Order Supplies For Week

Some idea of the enthusiasm of the Red Cross auxiliaries for the work in hand may be obtained from the fact that just one-half of the auxiliaries in the county have ordered supplies for three hundred pieces for hospital supplies. The auxiliaries which have ordered this amount of material expect to make it up this week alone. The auxiliary work is being thoroughly organized and those in charge are meeting with a ready and enthusiastic response from the women over the county.

CHAUTAUQUA MOST SUCCESSFUL ONE

Milroy Has Money Left Over After Prosperous Five Days and 80 Guarantors For Next Year

OLD CONTRACT IS RENEWED

The Milroy chautauqua, which closed last night, was the most successful one in the history of Milroy. On the closing day there was more than \$150 in single admissions alone. At last night's program about a thousand people were present and all could not get inside of the tent. The organization backing the chautauqua has some money left over from this year's venture. Eighty guarantors have been obtained for next year and the contract with the Cort-Alber bureau, which supplied the talent, has been renewed for the summer of 1918.

A number of Rushville people attended yesterday. The principal feature of the last day was the address last night by George W. Clarks governor of Iowa, who spoke on the subject, "Ideals of Public Duty." His address dealt largely with the war and was an inspiration to the large audience. Two concerts were given yesterday by Vierra's Royal Hawaiian Singers and Players and the pageant in the afternoon by the Junior Chautauquans, "Good Fairy Thrift," pleased a big crowd of people in the afternoon.

BOY IS ATTACKED BY SOW

Lloyd George, 3 Years Old, Has Narrow Escape Sunday Evening.

Lloyd George, three-year-old son of Mr. and Mrs. Frank George of near New Salem, had a narrow escape from being killed or seriously injured by a vicious sow Sunday evening. As Mr. George, Walter Norris and Harry Armstrong and their children were walking through a field, they came unexpectedly upon the sow with small pigs. She was frightened and attacked the boy nearest to her. After a hard struggle the men succeeded in driving the sow off and the boy escaped with slight injuries. He sustained a slight wound on one side of his face.

ONE MORE REGISTRANT HERE

Former Carthage Boy Registers in Toledo and Card Is Sent Here.

Rush county's registration for the selective draft was increased to 1,466 today with the receipt of the card of Willard H. Crawford, a former Carthage boy, who is now in the officers training camp at Fort Harrison. Crawford registered at Toledo, Ohio, and gave his home address as Carthage. For this reason the card was sent here. He has had three years experience in the regular army in the artillery division. His serial number is 1,466.

KAISER STAKES ALL ON BLOOD AND IRON

This is How International Experts Size Up Situation With Bureaucrat as Chancellor

LISTENS TO MILITARY MEN

Resignation of Bethman-Hollweg Indicates Clearly There Will be no Compromising.

By CARL D. GROAT

(U. P. Staff Correspondent.)

Washington, July 16.—Kaiser Wilhelm has staked his all on blood and iron after harkening to his military men.

This is how the international experts here today sized up the German situation, with Bethmann Hollweg out and bureaucrat, Michaelis, chancellor.

The military men have told the kaiser, according to information here, that the German military machine can win the war and he need not heed the growing clamor for peace without annexations and indemnities. The resignation of Bethmann-Hollweg indicates clearly to experts here that from now on there will be no compromising.

URNS ON PEACE QUESTION

Internal Struggle Contrary to Neutral Opinion of Situation

Amsterdam, July 16.—The internal struggle in Germany today definitely turned upon the question of terms of peace.

Dr. Michaelis, the new chancellor, has made no statement of his policy. His position is unknown. But expressions from German newspapers received here today generally are to the effect that the new chancellor must accept the reichstag majority's will. This is in spite of the general interpretation of neutrals that the unseating of Bethmann-Hollweg was a victory for the crown prince and that Von Hindenburg is pressing their relentless war program.

RUSSIANS OCCUPY DOLINA

Drove Austrians From Another Key City to Lemberg

Rome, July 16.—Reports of the Russian occupation of Dolina in Galicia were received here today. The Austrians, it was said, had been thrown back in the Carpathians.

Dolina is an important Galician center, 22 miles southeast of Stryj. It is another of the key cities around Lemberg, which lies 30 miles to the north.

FOUR U-BOATS DESTROYED

Rumor Says Warships Conveying Transports Turned Trick.

Berne, July 16.—American warships conveying the first expeditionary army, destroyed four of the latest type of the German submarine, according to a report in circulation here today and which was purported to have originated in Germany.

SENT TO LOUISVILLE

Harold Beaver, son of Mr. and Mrs. Sam Beaver of southeast of the city, is a corporal in Company B of the engineers corps, which Saturday was ordered to Louisville, Ky., presumably for work in connection with the erection of the cantonment camp there for the conscript army. The company was mobilized at Fort Harrison six weeks ago and was then 138 strong. Today there are 153 on the roster.

CANDIDATES HAVE ONLY 1 MONTH LEFT

Men in Officers Training Camp at Fort Start Last Lap of Work For Commissions

ABOUT 4,000 OF THEM LEFT

It is Believed All Undesirables Have Been Weeded Out—About 1,200 Discharged

(By United Press.)

Fort Benjamin Harrison, Ind., July 16.—Officers in training at Fort Harrison, today started on the last lap of their work for commissions. They have finished two-thirds of the three-months work and a month from today they will be "graduated."

There are about 4,000 of the 5,200 who started the course on May 15 remaining in camp. The majority among the 1,200 of the missing were disqualified because of physical defects such as flat feet, weak eyes, or because of lack of the proper requirements of training, experience or education which are considered necessary for a man who is to command troops.

About 400 men have left this post for other places. In this number were 280 engineers who were sent to Fort Leavenworth after a month's training here; fifty men who went to Fortress Monroe and fifty more sent to Columbus, O., for training as aviators. Those remaining are being developed rapidly. They are bronzed and hardened, and in perfect condition. Men in charge of the camp believe they have weeded out all the undesirables and that few will be disqualified during the last month.

The training will not be any easier during the last thirty days. In fact it will probably be more rigorous. The finer arts of "officering" will be taught. They will be given instructions in how to handle men in camp, trenches, when attacking and when being attacked.

No orders have been received outlining the disposition of the men when the camp ends. However, regular army officers believe that there will be work enough for all who qualify for commissions in training the new conscript army.

HOOK WORM FIGHT IS ON IN BRAZIL

American Physicians Aid in Work of Exterminating Disease in That Country

MANY INHABITANTS HAVE IT

(By United Press.)

Rio De Janeiro, July 16.—Through the efforts of Dr. Charles Seidl, Director of the Public Health Dept. and Drs. Lewis Wendall Hackett and George Stone of the Rockefeller Foundation, the government has given the American institution free hand to wage a campaign on the "hook worm" in the interior of Brazil.

The percentage of inhabitants of the outlying districts afflicted with this disease is high, according to Health Department officials.

Creditable work has already been done by the American physicians and it is believed the proposed campaign will be of inestimable value in the stimulation of agricultural enterprise.

MINISTERS AT INSTITUTE

Columbus, Ind., July 16.—The first institute of the Indiana Christian Ministers' Union opened today at the Tabernacle Christian church here. Nearly 75 ministers from this section of the state attended. Speakers included Rev. E. R. Piety, of Scottsburg; Rev. J. W. Street of Nashville; Rev. W. E. Moore, of Edinburg, and Rev. J. M. Vawter, of Jeffersonville.

An eight pound boy was born to the wife of Melvin Cox, living in East Sixth street, this morning. The boy has been named Elbert.

Considerably Surprised

The other day a woman was considerably surprised, and many others would be if they but knew of the work we are doing—the success we are achieving in the cleaning of garments that have become spotted or soiled.

Ninety per cent of the people haven't the remotest idea of what actually can be done by our process. Old, soiled garments, faded and dirty, can be made to look like new with our wonderful harmless method. New gowns, accidentally spotted by fruit juice or colored liquids can be so treated as to leave absolutely no trace of the spot and positively without the slightest injury to the fabric.

You can safely trust your costliest garment or your most delicate fabrics to the careful attention of our skilled, experienced cleaners. Look around the house today and phone us to call and get what you consider your most difficult job. We will do it so promptly and so well that you will never worry over light things again.

Notice of Stockholders Meeting

Notice is hereby given that the Annual Meeting of the Stockholders of the Peoples Natural Gas Company of Rush County, will be held at the office of said company, 305 North Main street in Rushville, Indiana, on Monday, August 6th, 1917, at 1:30 o'clock p. m. for the purpose of electing five directors to serve the ensuing year, and the transaction of such other business as may come before the meeting.

Smokers' Stomach Sweetened

Emptiness and hollowness and gassy state of the stomach after smoking, bad taste in the mouth, belching of wind. If they are not dyspepsia, they will bring on dyspepsia. Hundreds of smokers use Pepsinco because they know it prevents that bad feeling that many smokers detest and which is evidence of an off stomach.

A ten cent package will prove the value of Pepsinco for the smoker.

Senreco

The double-service tooth paste, keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—25 cents for a large 2 ounce tube.

Country's Financial Strength

The American people have loaned their government two billion dollars and have barely touched their resources. It is a tremendous sum but it was raised with so much ease it only disclosed the financial strength of the country.

According to a statement from the treasury department, the loan is not one-tenth of our bank deposits. It is less than one-eighth of our bank loans for one year. It was less than one-half of our national savings for 1916 and only five per cent of our national income for that year according to estimates.

Not only is this the first Liberty Loan Bond issue of two billion dollars much larger than the initial loan of any of the other nations engaged in the war but it was raised in much less time with much less effort and was subscribed to by a vastly greater number of individuals; this too when danger was far from us and the nation in a calm frame of mind.

The coming second issue of Liberty Loan Bonds, with the great mass of the people of the country much better educated as to Government bond issues and the Government finances in general, it is reasonable to suppose, will be disposed of with greater success than the initial issue.

The over-subscription to the initial issue of over a billion dollars augurs well for the success of the next loan. There are several million more investors in Government bonds in America than there were a month ago. Then there were some three hundred thousand holders of United States bonds; now there are over four million. And the thrill of the thought of our soldiers in France will rally the people to the nation's call.

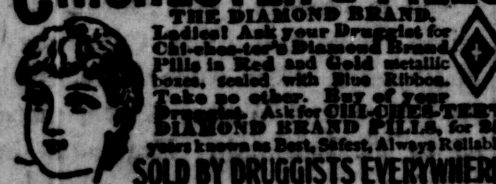

Food For Congressional Thought

The brilliant success of the liberty loan should cause congress to ponder well the temper of the American people as to ways and means for prosecuting the war.

It is significant that while thousands of men in the humbler walks of life were making sacrifices to subscribe to the loan, these same men and other thousands were at the same time protesting to the utmost against the action of congress in the matter of war taxation.

No graver mistake could be made than to saddle upon the people just at this time an onerous schedule of taxation. The country is now in the

Rush County Farmer Writes Representative Elliott Concerning High Cost of Things

PAYS \$3 TO \$4 A DAY FOR LABOR

Interest Among Home Gardeners in Sixth District in Food Conservation Methods

Washington, July 16—Prospective governmental regulation of prices for farm produce apparently is causing uneasiness on the part of farmers in certain sections of the Sixth Indiana Congressional district.

Pertaining to this Rep. R. N. Elliott has just received an interesting letter from a well known Rush county man, who says, in part:

"Farmers are paying \$3.00 and \$4.00 a day for hands to take care of the crops, and binder twine is very expensive, threshing bills have increased, and it is a very expensive matter to buy seed and fertilizer. The government has announced that it will probably stop all exports for sixty days. It also announced that the price of wheat will be fixed at something less than \$2.00 a bushel. A great many of our farmers do not believe that wheat pays ordinarily and they say this time that if the government agitates the matter very much they will have to sell for a low price now and that later on speculators will boost the price and make a lot of money out of it."

Among the visitors to the national capital last week from the Sixth Indiana district were Dr. and Mrs. Joseph R. Mountain, and Mr. and Mrs. R. C. McKennan, all of Connersville, and Mr. A. L. Stewart of Rushville. Dr. and Mrs. Mountain and Mr. and Mrs. McKennan made the trip to Washington in Dr. Mountain's touring car, and they say their journey was a delightful one. Mr. Stewart, after a short visit here with Senator Watson, went to New York on business.

There is an unusual demand for stenographers in Washington now, women being given the preference. But only experienced stenographers are wanted. These positions may be obtained through application at the women and girl's division of the federal employment service. Department of Labor.

The interest the legion of "home gardeners" of the Sixth Indiana district are showing in planning to preserve surplus products for winter use, by canning or drying, is evidenced by Rep. R. N. Elliott's mail the past few days. Applications for Farmers' Bulletin, 839, on "Home Canning, One-Period, Cold-Pack Method" and Farmers' Bulletin, "Drying Fruits and Vegetables in the Home," No. 841, have been coming in in a steady stream. Others who want these bulletins should write to Rep. Elliott as soon as possible for the supply is limited.

Walter C. Farrell, formerly of Middletown, Indiana, is employed as a clerk in the surgeon general's office of the war department and probably would be exempt from military service, but he prefers to serve his country on the firing line and has filed his application for appointment to the second officers reserve corps training camp at Ft. Benjamin Harrison.

It is surprising the number of Indiana people who are in the government service in Washington who remain ignorant of the fact that under a recent Indiana law they can vote by mail. Going home to vote has been a terrible strain on their purses and the new absent voters law makes a big hit with them.

Kile Hale of Canadian Army Aviation Corps, Returns to Testify in Brown Murder Case

SECOND TRIAL STARTS TODAY

State Contends William Fishback And Three Others Choked Young Redkey Grocer to Death

(By United Press.)

Hartford City, Ind., July 16.—The second trial of William Fishback, charged with murdering Boy Brown, young grocer of Redkey, started in circuit court here today with Judge Eichhorn presiding. The first trial held two weeks ago, resulted in a disagreement after the jury had been evenly divided for more than forty minutes.

The case was brought to Hartford City on a change of venue. A venire of fifty names was drawn for the trial.

Three others are in jail at Portland awaiting trial with Fishback in connection with the murder of Brown. They are Ray Landess, indicted by the grand jury with Fishback and Mont Daikin and Weldon May, arrested on affidavits filed by the city marshal.

Attorneys for the state will build up their case on the testimony of Kile Hale, of the Canadian army aviation corps. Hale has obtained a furlough in order to testify. Fishback's attorneys will seek to prove that Hale and Harry Weiss, a private in the United States army, were the ones who really killed Brown.

An affidavit has already been filed by a brother of Weldon May, charging Hale with the murder.

The state contends that after a week of parties and intoxication, Fishback, Landess, May and Daikin needed money to buy more drinks, and that they held up Brown, and in the ensuing struggle he was choked to death. Witnesses will be examined in an effort to show that the body was hidden in the Bowser livery barn and later taken to a dug-out at the Daikin home. Later, they contend, the body was taken to the Weiss farm where the conspirators hoped to throw it into a well, but they were frightened away by Weiss who fired several shots. They dropped the body. It was found 3 months later.

Representatives of Large Firms Protest Against Giving Railroads Freight Rate Increase

HEARING TODAY ON COAL ONLY

(By United Press.)

Indianapolis, Ind., July 16.—Representatives of large firms and various business organizations in Indiana appeared today before the public service commission to protest against granting the petition of railroads for a 15 per cent increase in coal freight rates. The railroads made application for a general increase of 15 per cent in all freight rates but the hearing today was on the coal rate only. Other commodities will be considered in August.

Among the firms and organizations which have protested against the proposed increase are Indianapolis Chamber of Commerce and Board of Trade; Terre Haute Chamber of Commerce; Indiana Bituminous Coal Operators association; New Albany Chamber of Commerce; Sullivan Mill and Elevator company and several other concerns of the latter place.

It was considered doubtful if the proposed increase would be granted in view of the recent action of the interstate commerce commission in turning down the request of the roads for an increase of all freight rates 15 per cent.

Mrs. Fred Cochran entertained with an informal party, Saturday afternoon at her home in West Fourth street, honoring Mrs. Russell Vorhees and Mrs. Oscar Barner of Flora, Ind. Three tables enjoyed the afternoon over five-hundred and dainty refreshments were served at the close of the afternoon.

Fifty-four guests went to the home of Mr. and Mrs. Earl Winship, south of this city, Sunday and surprised them the occasion being the birthday of Mrs. Winship. At noon a sumptuous pitch-in dinner was served. Mr. and Mrs. Charles Tindall of Greenfield were among the out-of-town guests.

Mr. and Mrs. James B. Carson and daughter Miss Mildred of Dayton, O., Mr. and Mrs. D. S. Henry of Bedford and Miss Isabel Hartrader of Middletown, O., were the dinner guests of Mr. and Mrs. Rich Reed yesterday at their home in North Perkins street.

Mr. and Mrs. Charles H. Brown were host and hostess to a number of relatives yesterday at their home in West Fourth street. The guests included Mr. and Mrs. P. T. Casady and daughter Katherine, and Mr. and Mrs. Loring Deer, all of Franklin.

The "Gang" and the "U. S." sides of the Christian church of Orange enjoyed a picnic in Amon Young's grove three-quarters of a mile east of Orange Sunday. A pitch-in dinner was served and games amused the young people during the afternoon.

Mr. and Mrs. Leon McDaniel entertained with a charming dinner, yesterday at their home west of this city. Covers were laid for Mr. and Mrs. Howard Mahin and son Jack, Mr. and Mrs. Ben Sparks, Mr. and Mrs. Albert Fleehart and daughter, Elizabeth and Frank Priest.

One of the charming social functions yesterday was a midday dinner given by Mr. and Mrs. John O. Hill at their country home, southwest of this city. Mr. and Mrs. Peter Hill and son Ralph of near Orange, Bryce Mull and James Elliott of Indianapolis were among the guests. Quantities of sweetpeas and nasturtiums were used throughout the home for decorations.

PROPHECY SHOWS
WHEN WAR WILL END

Prediction Made By a Monk Will Be Fulfilled if Conflict Closes August 28

TWO ALREADY FOUND TRUE

Prophecy Made 667 Years Ago Right As to Beginning and Time of Rumania Entering

Rome, July 16.—The great war will end on August 28, 1917, if the prediction of St. Malachi, an Irish monk, who lived about 1250 A. D., is fulfilled.

Two of St. Malachi's predictions regarding the war have already been fulfilled, it is said. One was the date of its start, the other the date of Rumania's entry into the war.

This is St. Malachi's prophecy as found on an original manuscript:

"When the first number shall meet the ninth and when they two shall be united with the first and sixth (1916) during the sixth month of the year (August according to the old calendar,) and after two times four and two times ten days shall have passed (August 28,) the new races which drew their name from Romulus (Rumania) shall rise and shall ally themselves with powerful nations."

"Then the fierce beast who for two years and one month (exact date of the beginning of the war) has been filling all the earth with blood, with horror, and with carnage, now surrounded, smitten from all sides and roaring in vain, will seek him whom he may devour, but shall not find him."

"There shall be new battles while new moons shall wax and wane thirteen times. The fifth day after the sun leaves the sign of the Lion the beast shall die a fearful death. A virgin whose name contains two iotas, two laphas, a tau and a lambda (Italia) shall crush his head and the Latin peoples shall share his spoils."

Astronomers point out that on August 28, 1916, there was a new moon. So on August 17, 1917, thirteen new moons will have set. The sun leaves the sign of the Lion on August 23. The fifth day thereafter brings the date of the end of the war, as predicted in the prophecy to August 28, 1917.

Chevalier Monti, director of the Civic Museum at Como, Italy has the original manuscript.

Astronomers consider the prophecy particularly wonderful because it is based on astronomical facts unknown at the time Malachi lived.

Italian journals say Malachi has predicted with signs and symbols the name of every pope since his time.

SAYS WIFE RAN HIM AWAY

Carl Vannatta Asks Divorce From Wife, Nata Vannatta

Carl Vannatta has filed suit for divorce from Nata Vannatta, alleging cruel and inhuman treatment. He claims that she ran him away from their home and declared that she would not live longer with him. They were married March 2, 1916 and separated November 23, 1916, according to the complaint. Mrs. Vannatta was refused a divorce from him at the last term of court and only recently filed suit for support.

The Woman's Home Missionary society of the First Presbyterian church will meet with Mrs. John Boyd tomorrow afternoon at her home in Jersey City.

A nine pound boy was born to the wife of Leon Maxey of Indianapolis yesterday.

REDMAN WILL IN PROBATE

George G. Young is Named Executor Drawn in 1910

The will of the late Frank Redman was offered in probate this afternoon in circuit court. The will provides that Miss Flora Redman shall receive \$400 from the sale of his real estate and she is also given the household goods. Mr. Redman asked that a monument be erected costing not to exceed \$300 and that the proceeds from the sale of the property should be divided equally between his five children, except that Miss Redman is to get the additional \$400. George W. Young is named executor of the will. It was drawn in 1910.

Amusements

The Princess offers the feature drama, "As Man Made Her" for the first picture of tonight's program. Gail Kane, Frank Mills and Gerda Holmes are featured. It is a modern society drama of absorbing interest. In addition a Ford Educational Weekly will be shown. Tomorrow the Vitagraph feature, "Intrigue" will be shown in which Peggy Hyland, Marc MacDermott and Bobby Connelly are featured.

The Lyric will show the feature drama, "For Lack of Evidence" for the first picture tonight. Tina Marshall is featured and is said to be a thrilling drama. In addition the comedy, "A Good Little Bad Boy" will be shown in which Phil Dunham is featured.

The Gem will show the five reel feature, "The Iron Heart" for the program tonight. Edwin Arden is featured and it is said to be a strong story of a man who thinks only of financial success. He becomes one of the great money kings but meets his fall through a woman. Tomorrow the next chapter of "The Purple Mask" will be shown.

The funeral services of Mrs. Joseph Heck, age forty-seven years, formerly of this county, who died at her home in Muncie Friday evening of acute indigestion, were held this afternoon at two o'clock at the Moacow Christian church, conducted by the Rev. J. T. Scull. The body was brought to the home of the deceased's brother, Ephraim Heck, in Orange township, Sunday.

That's What We're Here For

TO make the kind of bread, rolls, pie, cakes and doughnuts that people want. We don't make them to keep or to look at, although they are a delightful sight. We make them to attract people who have a discriminating taste.

And the quality that we have ever maintained in our bakery goods has attracted just such people and is attracting them in greater numbers than ever before. They stick to the store that gives them the quality.

We raised the standing of quality when we began and we have held it high ever since. We lead because our goods are the best and they are the best because we put into them the best materials and the greatest skill.

WORD THEY GET IS NOT ENCOURAGING

Members of Company B Hear Hattiesburg, Miss., Training Place, Is Infested With Mosquitoes

RAINY SEASON IN WINTER

Guardsmen Hike to Fair Ground Sunday Afternoon and Spend Three Hours in Drilling

Company B. hiked to the Rush county fair grounds Sunday afternoon where three hours were spent in hard drill. It is only three weeks now until the company expects the mobilization call and the boys are determined to get in every bit of drill possible before this time. The regular weekly drill will be held at the city park Wednesday night. At this time, E. P. Hawkins of Connerville, a lieutenant colonel on the staff of Governor Goodrich, will address the company.

Company B. is in need of ten more men and an examining officer will be here Wednesday to make examination. This vacancy is caused by the fact that several members of the local company are at the officers training camp and will have to be discharged from this company.

Since it has apparently been definitely determined that the Indiana National Guard will be sent to Hattiesburg, Mississippi, members of the company have been inquiring as to what sort of a place it is. The word they receive is not very encouraging. One man, who has been there, stated today that there were mosquitoes as large as grey squirrels and that the winter months were the rainy season for this section.

While Hattiesburg is said to be a big improvement over the border the local company would rather have gone to Anniston, Ala., the first camp chosen, but as they have no "say-so" they will have to be content with the Mississippi "burg."

Hattiesburg is in the lower part of the state, about sixty miles north of the Gulf of Mexico. Gulfport is the nearest town on the gulf. The last government census gave the population of the place at 11,000. It is said to be a pretty place with many paved streets. It is in the heart of the pine tree district and turpentine camps and while there won't be any scorpions, tarantulas, rattlesnakes, cactus or sandstorms, there will be cedar bugs and mosquitoes, a plenty, all mixed in with a lot of rain.

CAMP ALONG BLUE RIVER IS RAIDED

Robert Shields of Cambridge City—Carthage Complains Arrested and Gives \$200 Bond

8 BARRELS OF BEER IS TAKEN

Robert Shields of Cambridge City was arrested Saturday night on a "blind tiger" charge following a raid on his camp, three miles north of Carthage. Shields gave a cash bond of \$200 this afternoon for his appearance in circuit court and was released.

Sheriff Cavitt has received numerous complaints regarding the camp along Big Blue river and Saturday night was called by Jap Parrish, marshal of Carthage, who stated he had received a complaint. Sheriff Cavitt, Deputy Sheriff Sullivan and Frank Nicholson, a constable from the court of Squire Kratzer, went to Carthage and there picked up Parrish. The party then went to the camp. They found several men playing cards, but there apparently was no gambling. A total of eight barrels of bottle beer were found at the camp and this was brought here and placed in jail today.

BULLETIN WILL BUILD PLANT UNDER COURT HOUSE

County Council Appropriates \$18,000 For Improvement and \$200 For County Defense Council.

BIG ENOUGH FOR ESTIMATES

The county council late this afternoon voted an appropriation of \$18,000 to place the heating plant for the court house and jail under the court house. The council was unable to reach an agreement Saturday and met again today. In addition to this appropriation, which is the largest in several years, the council also appropriated the sum of \$200 to the county council of defense to carry on the work of that organization in this county.

The new heating plant will likely cost around \$15,000, but the appropriation was made large enough to cover all estimates. The council believed that by moving the heating plant the saving in coal alone would pay for the investment within a few years. A. L. Gary, chairman of the county defense board, appeared before the council in behalf of the appropriation for \$200 for carrying on their work.

FOOD DEMONSTRATION IS SET FOR FRIDAY

Miss Nellie Rowe of Purdue Will Illustrate Best Methods of Canning and Drying

WILL USE COMMON UTENSILS

The food conservation demonstration, arranged by the county women's committee, will be held in the assembly room of the court house Friday. The sessions will take place at 9:30 o'clock in the morning and 2:30 o'clock in the afternoon. The demonstrations of the latest methods of preserving, canning and drying will be given by Miss Nellie Rowe of Purdue university.

The committee insisted that Miss Rowe bring none of her equipment along, but that she illustrate the newest processes now in use with common home utensils which are available to every housekeeper. It was the desire of the committee that Miss Rowe not demonstrate with a lot of apparatus which Rush county women do not have and would not want to invest in. Miss Rowe has consented to act on the suggestion of the committee.

Every woman in Rush county is wanted at the demonstration. It is pointed out that they can learn much of value at this time when every bit of energy is being exerted to conserve the food supply against a possible shortage next winter. Women are urged to attend both sessions and bring their dinners along if they desire.

INDIAN WANTS TO FIGHT

74 Year Old Sharpshooter Would Go After Kaiser

(By United Press.)

Washington, July 16.—Quana Washosha, Comanche Indian, has a medal the Kaiser once gave him for expert marksmanship. This won't keep him from trying some of that shooting ability on the Kaiser's "graybacks," however. The redskin's American name is Captain Henry B. Hicks. He visited President Wilson and tendered his services to the government. "I'm 74," he said, "but I can shoot as straight as ever."

MAIL CHANGE MADE WITHOUT CONFUSION

New Schedule on Rural Routes, With Five Less Carriers, Is Put Into Effect Today.

ALL REPORT BACK ON TIME

The change in the rural route system was perfected this morning without any apparent trouble or confusion. The ten carriers from the local office all made the initial trip over their new routes without difficulty and everyone reported back in Rushville on time. All but two of the ten routes out of here are now motorized, and the remaining two will be soon.

Some slight trouble was experienced in the other postoffices of the county, but it is believed everything will be working smoothly within two or three days. The greatest difficulty was experienced on the routes from the other towns of the county. Heretofore much of the mail now carried by some of the routes out of here formerly went to Glenwood and this was slightly confusing.

In all there were five routes discontinued, two out of Rushville, one from Glenwood, one from Carthage and one from Arlington.

FLOWER BEDS TO BE INSPECTED THIS WEEK

Committee From Woman's Council Will Investigate to See Interest Does Not Lag

TWO DISTRICTS IN THE CITY

A committee from the Woman's Council will this week inspect the flower beds of the children who have entered the flower contest. The inspection is merely for the purpose of getting a line on how many of the children are still showing an interest and not for any purpose of grading the flowers.

The contest will terminate Chautauqua week when the flowers will be gathered and the awards made. The exact day of the Chautauqua for the awarding of the prizes has not been determined. For the purpose of making the competition fair the city has been divided into two districts and a first and second cash prize will be awarded in each district.

LARYNX REMOVED IN AN OPERATION

Former State Senator M. E. Newhouse, Native of Rush County, Unable to Speak Above Whisper

TWO BROTHERS LIVING HERE

Former State Senator Marshal E. Newhouse of Greensburg, a brother of County Commissioner P. A. Newhouse and Samuel R. Newhouse, underwent an operation in Indianapolis last Saturday for the removal of his larynx and as a result will never speak above a whisper. Mr. Newhouse was a popular orator and the case is especially pathetic since he has lost his voice. Local relatives were in Indianapolis yesterday to see him. He was able to be removed to his home last night and it is believed he will recover.

Mr. Newhouse is well known in Rush county as this was formerly his home. He had suffered for many months from a growth in the larynx and last week was taken suddenly ill while in Indianapolis. It was then decided to operate. It is thought that the many years the former speaker served as a speaker on public occasions developed the throat trouble.

ARE PREPARING FOR SOCIAL AT RICHLAND

Merchants Arrange For Fourth in Series of Community Festivals Wednesday Night

JOHN A. TITSWORTH TO SPEAK

Preparations are being made at both ends of the line for the fourth of the series of community festivals which will be held at the Richland M. E. church on Wednesday evening. The Rushville merchants strive at each succeeding festival to take a larger crowd and this week they give promise of meeting with success because indications are that the weather will be more seasonable. Every night one of the socials has been held, the weather was so cold that ice cream did not sell well.

John A. Titsworth will make the address at the social Wednesday night. The meeting will be held on the lawn. This was tried for the first time at Arlington last Wednesday and proved more beneficial to all concerned than the former method of holding the meetings in the churches. The Rushville Odd Fellows band has been engaged to play and will give a program of music on the church lawn during the social.

ONLY TWELVE STATES YET TO MAKE REPORT

War Department Officials Hope Great Draft Lottery Can Take Place Next Saturday

4,000 ROLLS ARRIVE SUNDAY

By WEBB MILLER
(U. P. Staff Correspondent.)

Washington, July 16.—With only 12 states yet to report ready war department officials today hoped the great draft lottery might be held Saturday. A burst of over-Sunday filled the department cabinet with nearly 4,000 draft rolls—more than 8,000,000 names of men eligible for democracy's armies.

Unless there is an unlooked for delay the drawing will be held not later than early next week. Within twenty-four hours after the drawing the district exemption boards will be hunting out men qualified on physical grounds and exempted by the mandatory regulations.

PROPOGANDA STILL BEING PUSHED HERE

Statesman Lays Information Before State Department, Showing German Money is Being Used.

BIG PAPER IN PAY OF KAISER

Washington, July 16.—Evidence that millions in German gold are still being poured into effective propaganda work among Americans has been laid before the state department by a statesman of international reputation, it was learned today.

In an interview with the United Press this statesman, whose name for obvious reasons cannot be used, said:

"German bought papers are being published unhindered under the very nose of the American government every day.

"Hundreds of ministers of the gospel are using their holy office to turn loyal Americans into German sympathizers.

"The condition is not local but country wide. One of the biggest papers in the pay of the kaiser is published in the east."

A dangerous situation is resulting from the activity of these propagandists, he asserted.

WOMEN TO MAKE 300 PIECES

Half of Red Cross Auxiliaries Order Supplies For Week

Some idea of the enthusiasm of the Red Cross auxiliaries for the work in hand may be obtained from the fact that just one-half of the auxiliaries in the county have ordered supplies for three hundred pieces for hospital supplies. The auxiliaries which have ordered this amount of material expect to make it up this week alone. The auxiliary work is being thoroughly organized and those in charge are meeting with a ready and enthusiastic response from the women over the county.

CHAUTAUQUA MOST SUCCESSFUL ONE

Milroy Has Money Left Over After Prosperous Five Days and 80 Guarantors For Next Year

OLD CONTRACT IS RENEWED

The Milroy chautauqua, which closed last night, was the most successful one in the history of Milroy. On the closing day there was more than \$150 in single admissions alone. At last night's program about a thousand people were present and all could not get inside of the tent. The organization backing the chautauqua has some money left over from this year's venture. Eighty guarantors have been obtained for next year and the contract with the Cort-Alber bureau, which supplied the talent, has been renewed for the summer of 1918.

A number of Rushville people attended yesterday. The principal feature of the last day was the address last night by George W. Clarks governor of Iowa, who spoke on the subject, "Ideals of Public Duty." His address dealt largely with the war and was an inspiration to the large audience. Two concerts were given yesterday by Vienna's Royal Hawaiian Singers and Players and the pageant in the afternoon by the Junior Chautauquans, "Good Fairy Thrift," pleased a big crowd of people in the afternoon.

BOY IS ATTACKED BY SOW

Lloyd George, 3 Years Old, Has Narrow Escape Sunday Evening.

Lloyd George, three-year-old son of Mr. and Mrs. Frank George of near New Salem, had a narrow escape from being killed or seriously injured by a vicious sow Sunday evening. As Mr. George, Walter Norris and Harry Armstrong and their children were walking through a field, they came unexpectedly upon the sow with small pigs. She was frightened and attacked the boy nearest to her. After a hard struggle the men succeeded in driving the sow off and the boy escaped with slight injuries. He sustained a slight wound on one side of his face.

ONE MORE REGISTRANT HERE

Former Carthage Boy Registers in Toledo and Card Is Sent Here.

Rush county's registration for the selective draft was increased to 1,466 today with the receipt of the card of Willard H. Crawford, a former Carthage boy, who is now in the officers training camp at Fort Harrison. Crawford registered at Toledo, Ohio, and gave his home address as Carthage. For this reason the card was sent here. He has had three years experience in the regular army in the artillery division. His serial number is 1,466.

KAISER STAKES ALL ON BLOOD AND IRON

This Is How International Experts Size Up Situation With Bureaucrat as Chancellor

LISTENS TO MILITARY MEN

Resignation of Bethman-Hollweg Indicates Clearly There Will be no Compromising.

By CARL D. GROAT
(U. P. Staff Correspondent.)

Washington, July 16.—Kaiser Wilhelm has staked his all on blood and iron after harkening to his military men.

This is how the international experts here today sized up the German situation, with Bethmann Hollweg out and bureaucrat, Michaelis, chancellor.

The military men have told the kaiser, according to information here, that the German military machine can win the war and he need not heed the growing clamor for peace without annexations and indemnities. The resignation of Bethmann-Hollweg indicates clearly to experts here that from now on there will be no compromising.

URNS ON PEACE QUESTION

Internal Struggle Contrary to Neutral Opinion of Situation

Amsterdam, July 16.—The internal struggle in Germany today definitely turned upon the question of terms of peace.

Dr. Michaelis, the new chancellor, has made no statement of his policy. His position is unknown. But expressions from German newspapers received here today generally are to the effect that the new chancellor must accept the reichstag majority's will. This is in spite of the general interpretation of neutrals that the unseating of Bethmann-Hollweg was a victory for the crown prince and that Von Hindenburg is pressing their relentless war program.

RUSSIANS OCCUPY DOLINA

Drove Austrians From Another Key City to Lemberg

Rome, July 16.—Reports of the Russian occupation of Dolina in Galicia were received here today. The Austrians, it was said, had been thrown back in the Carpathians.

Dolina is an important Galician center, 22 miles southeast of Stryl. It is another of the key cities around Lemberg, which lies 30 miles to the north.

FOUR U-BOATS DESTROYED

Rumor Says Warships Convoying Transports Turned Trick.

SENT TO LOUISVILLE

Harold Beaver, son of Mr. and Mrs. Sam Beaver of southeast of the city, is a corporal in Company B of the engineers corps, which Saturday was ordered to Louisville, Ky., presumably for work in connection with the erection of the cantonment camp there for the conscript army. The company was mobilized at Fort Harrison six weeks ago and was then 138 strong. Today there are 153 on the roster.

CANDIDATES HAVE ONLY 1 MONTH LEFT

Men in Officers Training Camp at Fort Start Last Lap of Work For Commissions

ABOUT 4,000 OF THEM LEFT

It is Believed All Undesirables Have Been Weeded Out—About 1,200 Discharged

(By United Press.)

Fort Benjamin Harrison, Ind., July 16.—Officers in training at Fort Harrison, today started on the last lap of their work for commissions. They have finished two-thirds of the three-months work and a month from today they will be "graduated." Their are about 4,000 of the 5,200 who started the course on May 15 remaining in camp. The majority among the 1,200 of the missing were disqualified because of physical defects such as flat feet, weak eyes, or because of lack of the proper requirements of training, experience or education which are considered necessary for a man who is to command troops.

About 400 men have left this post for other places. In this number were 280 engineers who were sent to Fort Leavenworth after a month's training here; fifty men who went to Fortress Monroe and fifty more sent to Columbus, O., for training as aviators. Those remaining are being developed rapidly. They are bronzed and hardened and in perfect condition. Men in charge of the camp believe they have weeded out all the undesirables and that few will be disqualified during the last month.

The training will not be any easier during the last thirty days. In fact it will probably be more rigorous. The finer arts of "officering" will be taught. They will be given instructions in how to handle men in camp, trenches, when attacking and when being attacked.

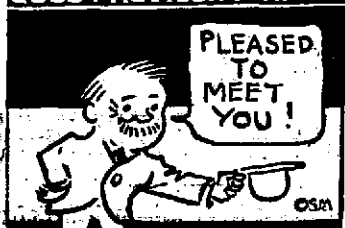

No orders have been received outlining the disposition of the men when the camp ends. However, regular army officers believe that there will be work enough for all who qualify for commissions in training the new conscript army.

HOOK WORM FIGHT IS ON IN BRAZIL

American Physicians Aid in Work of Exterminating Disease in That Country

MANY INHABITANTS HAVE IT

(By United Press.)

Rio De Janeiro, July 16.—Through the efforts of Dr. Charles Seidl, Director of the Public Health Dept. and Drs. Lewis Wendall Hackett and George Stone of the Rockefeller Foundation, the government has given the American institution free hand to wage a campaign on the "hook worm" in the interior of Brazil.

The percentage of inhabitants of the outlying districts afflicted with this disease is high, according to Health Department officials.

Creditable work has already been done by the American physicians and it is believed the proposed campaign will be of inestimable value in the stimulation of agricultural enterprise.

MINISTERS AT INSTITUTE

Columbus, Ind., July 16.—The first institute of the Indiana Christian Ministers' Union opened today at the Tabernacle Christian church here. Nearly 75 ministers from this section of the state attended. Speakers included Rev. E. R. Piety, of Scottsburg; Rev. J. W. Street, of Nashville; Rev. W. E. Moore, of Edinburg, and Rev. J. M. Vawter, of Jeffersonville.

An eight pound boy was born to the wife of Melvin Cox, living in East Sixth street, this morning. The boy has been named Elbert.

Considerably Surprised

Q The other day a woman was considerably surprised, and many others would be if they but knew of the work we are doing—the success we are achieving in the cleaning of garments that have become spotted or soiled.

Q Ninety per cent of the people haven't the remotest idea of what actually can be done by our process. Old, soiled garments, faded and dirty, can be made to look like new with our wonderful harmless method. New gowns, accidentally spotted by fruit juice or colored liquids can be so treated as to leave absolutely no trace of the spot and positively without the slightest injury to the fabric.

Q You can safely trust your costliest garment or your most delicate fabrics to the careful attention of our skilled, experienced cleaners. Look around the house today and phone us to call and get what you consider your most difficult job. We will do it so promptly and so well that you will never worry over light things again.

Smokers' Stomach Sweetened

Emptiness and hollowness and gassy state of the stomach after smoking; bad taste in the mouth; belching of wind. If they are not dyspepsia, they will bring on dyspepsia. A ten cent package will prove the value of Pepsinco for the smoker.

Senreco

The double-service tooth paste, keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth-paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucus film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—25 cents for a large 2 ounce tube.

Country's Financial Strength

The American people have loaned their government two billion dollars and have barely touched their resources. It is a tremendous sum but it was raised with so much ease it only disclosed the financial strength of the country.

According to a statement from the treasury department, the loan is not one-tenth of our bank deposits. It is less than one-eighth of our bank loans for one year. It was less than one-half of our national savings for 1916 and only five per cent of our national income for that year according to estimates.

Not only is this the first Liberty Loan Bond issue of two billion dollars much larger than the initial loan of any of the other nations engaged in the war but it was raised in much less time with much less effort and was subscribed to by a vastly greater number of individuals; this too when danger was far from us and the nation in a calm frame of mind.

The coming second issue of Liberty Loan Bonds, with the great mass of the people of the country much better educated as to Government bond issues and the Government finances in general, it is reasonable to suppose, will be disposed of with greater success than the initial issue.

The over-subscription to the initial issue of over a billion dollars augurs well for the success of the next loan. There are several million more investors in Government bonds in America than there were a month ago. Then there were some three hundred thousand holders of United States bonds; now there are over four million. And the thrill of the thought of our soldiers in France will rally the people to the nation's call.

Food For Congressional Thought

The brilliant success of the liberty loan should cause congress to ponder well the temper of the American people as to ways and means for prosecuting the war.

It is significant that while thousands of men in the humbler walks of life were making sacrifices to subscribe to the loan, these same men and other thousands were at the same time protesting to the utmost against the action of congress in the matter of war taxation.

No graver mistake could be made than to saddle upon the people just at this time an onerous schedule of taxation. The country is now in the

COMPLAINS ABOUT FOOD CONTROL BILL

Rush County Farmer Writes Representative Elliott Concerning High Cost of Things

PAYS \$3 TO \$4 A DAY FOR LABOR

Interest Among Home Gardeners in Sixth District in Food Conservation Methods

Washington, July 16—Prospective governmental regulation of prices for farm produce apparently is causing uneasiness on the part of farmers in certain sections of the Sixth Indiana Congressional district.

Pertaining to this Rep. R. N. Elliott has just received an interesting letter from a well known Rush county man, who says, in part:

"Farmers are paying \$3.00 and \$4.00 a day for hands to take care of the crops, and binder twine is very expensive, threshing bills have increased, and it is a very expensive matter to buy seed and fertilizer. The government has announced that it will probably stop all exports for sixty days. It also announced that the price of wheat will be fixed at something less than \$2.00 a bushel. A great many of our farmers do not believe that wheat pays ordinarily and they say this time that if the government agitates the matter very much they will have to sell for a low price now and that later on speculators will boost the price and make a lot of money out of it."

Among the visitors to the national capital last week from the Sixth Indiana district were Dr. and Mrs. Joseph R. Mountain, and Mr. and Mrs. R. C. McKennan, all of Connersville, and Mr. A. L. Stewart of Rushville. Dr. and Mrs. Mountain and Mr. and Mrs. McKennan made the trip to Washington in Dr. Mountain's touring car, and they say their journey was a delightful one. Mr. Stewart, after a short visit here with Senator Watson, went to New York on business.

There is an unusual demand for stenographers in Washington now, women being given the preference. But only experienced stenographers are wanted. These positions may be obtained through application at the women and girl's division of the federal employment service, Department of Labor.

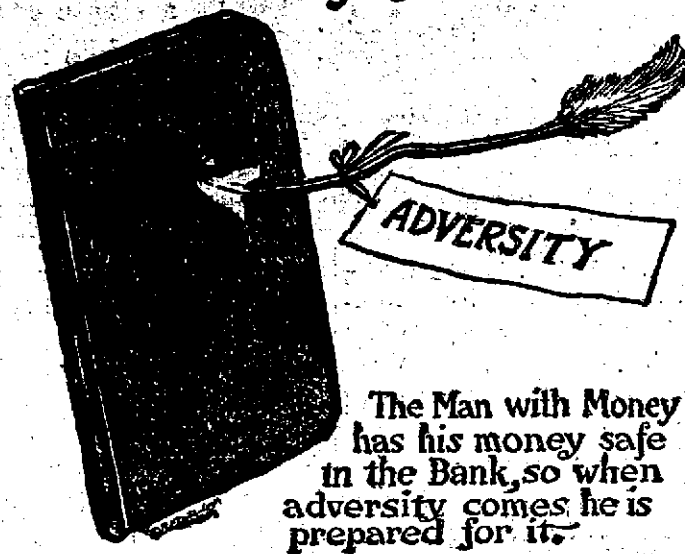

The interest the legion of "home gardeners" of the Sixth Indiana district are showing in planning to preserve surplus products for winter use, by canning or drying, is evidenced by Rep. R. N. Elliott's mail the past few days. Applications for Farmers' Bulletin, 839, on "Home Canning, One-Period, Cold-Pack Method" and Farmers' Bulletin, "Drying Fruits and Vegetables in the Home," No. 841, have been coming in in a steady stream. Others who want these bulletins should write to Rep. Elliott as soon as possible for the supply is limited.

Walter C. Farrell, formerly of Middletown, Indiana, is employed as a clerk in the surgeon general's office of the war department and probably would be exempt from military service, but he prefers to serve his country on the firing line and has filed his application for appointment to the second officers reserve corps training camp at Ft. Benjamin Harrison.

It is surprising the number of Indiana people who are in the government service in Washington who remain ignorant of the fact that under a recent Indiana law they can vote by mail. Going home to vote has been a terrible strain on their purses and the new absentee voters law makes a big hit with them.

Full swing of a campaign of industry and production that is going to require the use of every dollar that every industry can muster. But while this is true, there are billions not actively employed that can be prepared by the sale of bonds. The bond issue is the fair and equitable plan of financing the war. It affords the subscriber the opportunity to do his bit without feeling that his business is being cramped

Kille Hale of Canadian Army Aviation Corps, Returns to Testify in Brown Murder Case

SECOND TRIAL STARTS TODAY

State Contends William Fishback And Three Others Choked Young Redkey Grocer to Death

(By United Press.)

Hartford City, Ind., July 16.—The second trial of William Fishback, charged with murdering Boy Brown, young grocer of Redkey, started in circuit court here today with Judge Eichhorn presiding. The first trial held two weeks ago, resulted in a disagreement after the jury had been evenly divided for more than forty minutes.

The case was brought to Hartford City on a change of venue. A venire of fifty names was drawn for the trial.

Three others are in jail at Portland awaiting trial with Fishback in connection with the murder of Brown. They are Ray Landess, indicted by the grand jury with Fishback and Mont Daikin and Weldon May, arrested on affidavits filed by the city marshal.

Attorneys for the state will build up their case on the testimony of Kille Hale, of the Canadian army aviation corps. Hale has obtained a furlough in order to testify. Fishback's attorneys will seek to prove that Hale and Harry Weiss, a private in the United States army, were the ones who really killed Brown.

An affidavit has already been filed by a brother of Weldon May, charging Hale with the murder.

The state contends that after a week of parties and intoxication, Fishback, Landess, May and Daikin needed money to buy more drinks, and that they held up Brown, and in the ensuing struggle he was choked to death. Witnesses will be examined in an effort to show that the body was hidden in the Bowser livery barn and later taken to a dug-out at the Daikin home. Later, they contend, the body was taken to the Weiss farm where the conspirators hoped to throw it into a well, but they were frightened away by Weiss who fired several shots. They dropped the body. It was found 3 months later.

Cox's Shoe Store

All Men's and Women's Pumps and Oxfords, regular prices \$4, \$5, \$6 and \$7, for the next 10 days go at \$2.95, \$3.95, \$4.95 and \$5.45.

¶ This is a clean sweep of all the Low Shoes in our store, including not only lines in which the sizes are broken, but complete lines in all the newest lasts and Leathers. The most wanted models—the finest shoes in the store.

¶ These prices—\$2.95 to \$5.45—are less than the same shoes would cost to make today.

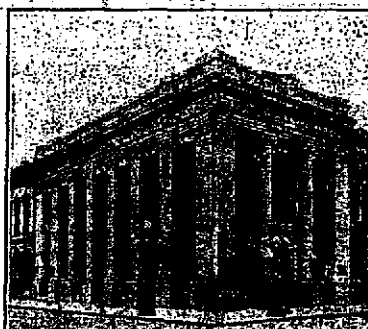

¶ We are overstocked on these goods because the weather upset normal purchasing. Folks do not buy low shoes till they need them. There were only 10 clear days in April and May—and scarcely more in June. This put us behind on our regular sales and we are going to sacrifice these goods without reservation—as it is the policy of this store never to carry goods from one season to another.

¶ This is your opportunity as most of the summer is still before you. We want to remind you again: This is *Not an Ordinary Shoe Sale*. Ordinary reductions mean little. These are standard values—shoes of known merit, of fixed prices—and this sale represents a striking and genuine economy. We stand back of every pair—They are the Best.

The same rate of Reduction goes for the LITTLE FOLKS. A few pair left of the old stock which is being offered at a ridiculously low price.

PETITION WILL NOT LIKELY BE GRANTED

Representatives of Large Firms Protest Against Giving Railroads Freight Rate Increase

HEARING TODAY ON COAL ONLY

(By United Press.)

Indianapolis, Ind., July 16.—Representatives of large firms and various business organizations in Indiana appeared today before the public service commission to protest against granting the petition of railroads for a 15 per cent increase in coal freight rates. The railroads made application for a general increase of 15 per cent in all freight rates but the hearing today was on the coal rate only. Other commodities will be considered in August.

Among the firms and organizations which have protested against the proposed increase are Indianapolis Chamber of Commerce and Board of Trade; Terre Haute Chamber of Commerce; Indiana Bituminous Coal Operators' association; New Albany Chamber of Commerce; Sullivan Mill and Elevator company and several other concerns of the latter place.

It was considered doubtful if the proposed increase would be granted in view of the recent action of the interstate commerce commission in turning down the request of the roads for an increase of all freight rates 15 per cent.

BETWEEN 300 AND 400 UNPAID

Between three and four hundred water consumers this morning faced the prospect of having their water turned off. This number of consumers had not paid their last quarterly bills when Clerk J. P. Stach opened his office. They have until Friday evening to pay.

The Misses Grace Billings and Hazel Woolen were the dinner guests of Mr. and Mrs. Harry Clifford, yesterday at their home north east of this city.

Miss Mary Matuska of this city and James Clyde Newbro, a well known horseman, were married yesterday in Greensburg by Rev. Mr. Burkette. They will be at home at 403 North Perkins street.

Mr. and Mrs. Charles Harton entertained with a well appointed six o'clock dinner, last evening at their home in Milroy. Covers were laid for Miss Leona Thomas of Indianapolis, Miss Mable Morris, Russell Harton and Clifford Richey. A pretty basket of sweetpeas was used as an appropriate decoration for the attractively laid table.

The home of Mr. and Mrs. Glen Moore presented an attractive appearance yesterday, when Mrs. Moore entertained with a high noon dinner, honoring the birthday of Mr. Moore. A large French basket of pink roses centered the table. Mr. and Mrs. N. R. Farlow and son and Mr. and Mrs. Thomas Bird and daughter, all of Arlington, were the guests enjoying the affair.

The Ladies Aid Society of the U. P. church will meet with Mrs. William Hoard tomorrow afternoon at her home, 420 East Eighth street.

The members of the Home Economics club will have an all day social meeting and pitch-in dinner, Wednesday with Mrs. Byrl Matney. All attending are requested to bring their dishes.

Mr. and Mrs. E. W. Ball entertained with a course dinner yesterday at their home in West Third street, the following guests, Mr. and Mrs. Will H. Ball and daughter of Indianapolis and their house guest, Miss Louise Kendall of Louisville, Ky.

Mrs. Fred Cochran entertained with an informal party, Saturday afternoon at her home in West Fourth street, honoring Mrs. Russell Vorhees and Mrs. Oscar Barner of Flora, Ind. Three tables enjoyed the afternoon over five-hundred and dainty refreshments were served at the close of the afternoon.

Fifty-four guests went to the home of Mr. and Mrs. Earl Winship, south of this city, Sunday and surprised them the occasion being the birthday of Mrs. Winship. At noon a sumptuous pitch-in dinner was served. Mr. and Mrs. Charles Tindall of Greenfield were among the out-of-town guests.

Mr. and Mrs. James B. Carson and daughter Miss Mildred of Dayton, O., Mr. and Mrs. D. S. Henry of Bedford and Miss Isabel Hartrader of Middletown, O., were the dinner guests of Mr. and Mrs. Rich Reed yesterday at their home in North Perkins street.

Mr. and Mrs. Charles H. Brown were host and hostess to a number of relatives yesterday at their home in West Fourth street. The guests included Mr. and Mrs. P. T. Casady and daughter Katherine, and Mr. and Mrs. Loring Deer, all of Franklin.

The "Gang" and the "U. S." sides of the Christian church of Orange enjoyed a picnic in Amon Young's grove three-quarters of a mile east of Orange Sunday. A pitch-in dinner was served and games amused the young people during the afternoon.

Mr. and Mrs. Leon McDaniel entertained with a charming dinner, yesterday at their home west of this city. Covers were laid for Mr. and Mrs. Howard Mahin and son Jack, Mr. and Mrs. Ben Sparks, Mr. and Mrs. Albert Flechart and daughter, Elizabeth and Frank Priest.

One of the charming social functions yesterday was a midday dinner given by Mr. and Mrs. John O. Hill at their country home, southwest of this city. Mr. and Mrs. Peter Hill and son Ralph of near Orange, Bryce Mull and James Elliott of Indianapolis were among the guests. Quantities of sweetpeas and nasturtiums were used throughout the home for decorations.

PROPHECY SHOWS WHEN WAR WILL END

Prediction Made By a Monk Will Be Fulfilled if Conflict Closes August 28

TWO ALREADY FOUND TRUE

Prophecy Made 667 Years Ago Right As to Beginning and Time of Roumania Entering

Rome, July 16.—The great war will end on August 28, 1917, if the prediction of St. Malachi, an Irish monk, who lived about 1250 A. D., is fulfilled.

Two of St. Malachi's predictions regarding the war have already been fulfilled, it is said. One was the date of its start, the other the date of Roumania's entry into the war.

This is St. Malachi's prophecy, as found on an original manuscript:

"When the first number shall meet the ninth and when they two shall be united with the first and sixth (1916) during the sixth month of the year (August according to the old calendar,) and after two times four and two times ten days shall have passed (August 28,) the new races which drew their name from Romulus (Roumania) shall rise and shall ally themselves with powerful nations."

"Then the fierce beast who for two years and one month (exact date of the beginning of the war) has been filling all the earth with blood, with horror, and with carnage, now surrounded, smitten from all sides and roaring in vain, will seek him whom he may devour, but shall not find him."

"There shall be new battles while new moons shall wax and wane thirteen times. The fifth day after the sun leaves the sign of the Lion the beast shall die a fearful death. A virgin whose name contains two letters, two laphas, a tau and a lambda (Italia) shall crush his head and the Latin peoples shall share his spoils."

Astronomers point out that on August 28, 1916, there was a new moon. So on August 17, 1917, thirteen new moons will have set. The sun leaves the sign of the Lion on August 23. The fifth day thereafter brings the date of the end of the war, as predicted in the prophecy to August 28, 1917.

Chevalier Monti, director of the Civic Museum at Como, Italy has the original manuscript.

Astronomers consider the prophecy particularly wonderful because it is based on astronomical facts unknown at the time Malachi lived.

Italian journals say Malachi has predicted with signs and symbols the name of every pope since his time.

SAYS WIFE RAN HIM AWAY

Carl Vannatta Asks Divorce From Wife, Nata Vannatta

Carl Vannatta has filed suit for divorce from Nata Vannatta, alleging cruel and inhuman treatment. He claims that she ran him away from their home and declared that she would not live longer with him. They were married March 2, 1916 and separated November 23, 1916, according to the complaint. Mrs. Vannatta was refused a divorce from him at the last term of court and only recently filed suit for support.

The Woman's Home Missionary society of the First Presbyterian church will meet with Mrs. John Boyd tomorrow afternoon at her home in Jersey City.

A nine-pound boy was born to the wife of Leon Maxey of Indianapolis yesterday.

REDMAN WILL IN PROBATE

George G. Young is Named Executor Drawn in 1910

The will of the late Frank Redman was offered in probate this afternoon in circuit court. The will provides that Miss Flora Redman shall receive \$400 from the sale of his real estate and she is also given the household goods. Mr. Redman asked that a monument be erected costing not to exceed \$300 and that the proceeds from the sale of the property should be divided equally between his five children, except that Miss Redman is to get the additional \$400. George W. Young is named executor of the will. It was drawn in 1910.

Amusements

The funeral services of Mrs. Joseph Heck, age forty-seven years, formerly of this county, who died at her home in Muncie Friday evening of acute indigestion, were held this afternoon at two o'clock at the Moscow Christian church, conducted by the Rev. J. T. Scull. The body was brought to the home of the deceased's brother, Ephraim Heck, in Orange township, Sunday.

That's What We're Here For

TO make the kind of bread, rolls, pie, cakes and doughnuts that people want. We don't make them to keep or to look at, although they are a delightful sight. We make them to attract people who have a discriminating taste.

And the quality that we have ever maintained in our bakery goods has attracted just such people and is attracting them in greater numbers than ever before. They stick to the store that gives them the quality.

We raised the standing of quality when we began and we have held it high ever since. We lead because our goods are the best and they are the best because we put into them the best materials and the greatest skill.
